

Creating a Scene

1 Click "Scene"

2 Click "Create a Smart Scene"

3 Type in a scene name

4 Type in a location name

A screenshot of a mobile app interface titled "Creating a New Scene". At the top, there is a back arrow and the title. Below the title, there are three input fields. The first field is labeled "Scene Name" and has a blue cursor. The second field is labeled "Enter a scene name" and has an orange circle next to it. The third field is labeled "Select Icon for Scene" and has a green downward arrow next to it. Below these fields is a large, empty, light gray square.

5 Optionally, you can add an icon for the scene.

Click "Seclect Icon for Scene"
